PrintPRO Base LEF 12

Last Updated on 19.12.2018

Fume extraction system and stand for the Roland LEF-12 and 12i printer.

BOFA's PrintPRO Base LEF 12 is designed exclusively for Roland DG to remove odours generated during the printing process.

The design allows the Roland LEF-12/12i printers to sit on top of the extractor as a cart or bench, and specially formed dimples ensure a perfect alignment and secure location. Manufactured to run efficiently and quietly in an office environment, colour matched for good looks, with practical internal storage and castors for portability, the PrintPRO Base LEF 12 is the perfect companion to the Roland LEF-12/12i printers.
